**RE-OPENING ST THOMAS'S CHURCH**

Unless the public health situation changes, we expect to resume public worship at St Thomas's on September 13. Clergy, staff and volunteers are working on protocols for this, following diocesan guidelines based on government regulations and public health advice. These are complex. We will continue to make our liturgies available on the internet for those who are unable during the ongoing pandemic to come to church. Many aspects of our liturgical life will look and sound very different when we gather again on Huron Street, but the "source and summit" of our common life, the Holy Eucharist, remains in its essence unchanged, deo gratia!
